Subject: Portland supports a balanced river cleanup

Portland's blue-collar harbor jobs will suffer if the cleanup plan is too expensive.

It's important to remember that the river is also a key driver in Portland economic engine. We all love the Willamette and its role in our environment. But I hope that you'll also factor in the important jobs the harbor provides.

Please do what's right for the harbor workers and the families who depend on those jobs.

Sincerely,
